Experience

UX Designer
Arham Labs

Aug 21 – Present
Mumbai, India

- Collaborated with cross-functional teams to design products from concept to production, including user research, wireframing, prototyping, and testing
- Designed user interfaces and experiences for web and mobile applications
- Created wireframes and interactive prototypes to visualise design concepts and test usability
- Developed design systems and style guides to ensure consistency across products
- Worked closely with development teams to ensure designs were implemented correctly
- As a single point of contact, I managed multiple projects and clients simultaneously.

UI/UX Designer
Argience

Jan 21 – Aug 2021
Mumbai, India

- Assisted in the development of new products, including user research, wireframing, prototyping, and testing
- Created design concepts and mockups for web and mobile applications

Network Engineer
Wipro

Jul 2019 – Jan 2021
Mumbai, India
